Turquoise Rings

BURGLAR'S PLUNDER
IS RECOVERED AT LAS VEGAS

Who doesn't love the beautiful azurite-blue of the Turquoise? It is native to New Mexico and is our favorite jewel and the mines here turn out some of the most beautiful turquoise in the world. We have recently received some of the finest turquoise stones we ever had, beautifully cut and polished and which we have mounted in bracelets and rings, the favorite "MATINEE" ring. For one week beginning May 1st we shall place these on sale at 25 per cent below their real value, thus affording everyone an opportunity to possess one of these beautiful rings. Look in our windows and note these prices and then step inside and secure one. It will be a long time before a like opportunity occurs again.

Mr. Brown is a firm believer in the future of New Mexico and while he makes his headquarters at Socorro he spends considerable time in this city.

It is expected here that when Mr. Wilson reaches the city, he will be greeted by a big crowd and that the two minutes given him to speak, will prove his ability in the line of a real spell-binder. Mr. Wilson has not announced the subject of his remarks but he will undoubtedly follow the lines of his other speeches and tell the people his views on national questions with probably something enlightening or startling for the territories.

Any those who desire to hear Mr. Wilson are asked by the committee to be at the station before the train arrives.

George F. Williamson, supervisor of the Williamson ranch, Glorieta, in the city of the interests of the Hedges Mercantile Company, arrived in the city today to remain a short while on business matters.

Mr. and Mrs. Powell Stockhouse, Jr., arrived in the city yesterday to make a short visit among friends here before returning to their home at Carthage, N. M.

WOODROW WILSON
WILL VISIT HERE
A FEW MINUTES
TOMORROW

Noted New Jersey Man and Popular Choice of Democrats for President Will Speak at Station Only.

HE CANNOT STOP LONGER THIS TRIP

Governor Woodrow Wilson, the noted executive of New Jersey and the popular choice of many Democrats for presidential candidate of party in 1912 will arrive in Albuquerque at 11:30 tomorrow morning on the Southern Limited, known as the "No. 1," and will address the people of this city during the time the train is at the depot. Mr. Wilson's host is not yet made, but it is expected that he can make a longer stop here and so informed the local committees that wired him an invitation to be a part of the day. He informed the committees that previous speaking dates had been arranged and it would be impossible for him to accept the invitation although he hopes at a future time to spend a day or so in this city.

Mr. Wilson is on a tour of the west, following the announcement of his friends that his wife will likely be placed before the next Democratic convention for the presidency.

As a private citizen and a speaker, Mr. Wilson represents the progress, both in his own party and in the country. He is a man of large ideas and high ideals of government and he has attracted business crowds and has favorable notice wherever he goes. In Denver, just before last, he spoke to a great crowd in Kansas City last week, he received more attention than any public man in recent years, at a dinner of the Knife and Fork club.

It is expected here that when Mr. Wilson reaches the city, he will be greeted by a big crowd and that the two minutes given him to speak, will prove his ability in the line of a real spell-binder. Mr. Wilson has not announced the subject of his remarks but he will undoubtedly follow the lines of his other speeches and tell the people his views on national questions with probably something enlightening or startling for the territories.

Any those who desire to hear Mr. Wilson are asked by the committee to be at the station before the train arrives.

BIG MINING SUIT
IN COURT HERE

EL CAMINO REAL IS
PROGRESSING

Case of Thomas Murphy
Against Unknown Claimants
to Quiet Title Before
Court on Change of Venue.

Territorial Engineer Miller
Enthusiastic Over Progress
Shown Thus Far; Predicts
Completion in Short Time.

On account of the disqualification of Judge Merritt C. McLean, change of venue has been granted in the case of Thomas Murphy against alleged unknown claimants of certain mining property in Sierra county, and the case will be tried by Judge Alexander in Bernallie.

The suit involves the title to three mines in Sierra county, the Brush Heap, the Andy Johnson and the Black-eyed Susan mines. While technically the suit is proceeding against unknown claimants, the real adverse party at interest is the Brush Heap Mining Company, a corporation under the laws of Michigan, which has an answer to the complaint and which is in possession of the property.

An important point in the case is the question as to the validity of a tax sale of the property involved, under which the plaintiff in this case claims title. The Brush Heap Mining Company claims that this sale was invalid.

The plaintiff is represented by H. A. Wolford and Dougherty & Griffiths of Hillsboro, while Read, Kemp & Ward of El Paso, and M. O. Lewellen of Las Cruces, are the attorneys for the defendant.

RAILWAY MAIL CLERK HOLDS BOWLING RECORD

The proprietors of the Gold Avenue Bowling Alley are showing with pride the record of a score made recently by Harry Lathrop, a railway mail clerk running out of Albuquerque. Mr. Lathrop bowled a score of 255, one of the highest registered in Albuquerque for some time. His record is 8 straight strikes.

FAVORITE PASTIME IS PICKING UP BULLETS

El Pasoans Spend Their Leisure Hours Gathering Lead For Their Metting Pails According to Reports Received in This City.

Alfred Reild, son of the claim agent of the Santa Fe, today brought to school a couple of bullets which Mr. Reild picked up in the streets of El Paso. They were found on the south side of the building of the Wells Fargo Express company, according to Professor McCollum, principal of the Fourth ward school. One of the bullets is of lead, and pretty well flattened as it struck the stone wall of the express company's building. The other bullet is of steel, probably from a federal rifle, and is almost perfect.
